Fit Out Services

This covers the projects where we work with your architect, designer and/or project manager to deliver high-quality interior fit out services. This includes installation of partitions, ceilings, floors, lighting, Layout, and MEP to make the interior fit out ready for occupancy.

Design & Build

One of our strengths is the Turn-Key projects where our team provides full design and interior fit out services in-house under one single Turnkey solutions contract. Design and build contracts have the potential to reduce overall project risks , costs and achieve higher efficiency rates.

Wood Works & Furniture

Our offerings extend to provide fully customized Wood Works, Fixed and Loose furniture, fixtures and equipment (FF&E) solutions. Our specialized expertise ensures delivery within timeline and budget and promises to bring your project to life.
